WAR ON LITTERBUGS TWO YEARS OLD

The Virginia Anti-Litterbug Council will mark its second anniversary in March, making two years of effort to beautify Virginia's roadsides through the prevention of trash-throwing on the highways.

And as the anniversary nears, the Council can look upon two years of fruitful achievement in its dedicated work.

Starting with nothing more than hope, the Council formed in March, 1953, with some 20 agencies—civic, industrial, and state—cooperating in the venture.

The organization's avowed purpose was the eradication of the litterbug—persons who throw trash and debris along the roadsides.

From its beginning, the Council realized the tremendous expense required of state and local agencies for cleaning up after the litterbugs. The State Highway Department, for instance, estimates that it spends between $400,000 and $500,000 annually, cleaning the roadways of trash. The City of Richmond estimates its street cleaning work brought on by litterbugs is around $10,000 a year.

With that information in one hand, however, and its principles in the other, the Council started to work. At first, the group bombed the litterbugs with poetry and nostrums. "Take part in highway pride," said one poster, "Don't dump trash along its side."

A litterbug poster showing a multi-fisted insect throwing paper and debris in all directions was circulated throughout the state, some 15,000 posters in all.

When the General Assembly met in 1954, the Council was successful in its attempt to have legislation passed against litterbugs and the legislature passed a bill providing for a fine up to $500 and a jail sentence up to 12 months for a conviction on the charge, or both.

Later in the year, the Highway Department installed signs along the highways warning motorists of the violation. The sign reads: "It's lawful to throw trash on highway —Fine up to $500."

IN MEMORY

HARRIS—In loving remembrance of our dear son and brother, William Anderson Harris, who departed this life one year ago today, February 18, 1954.

We could not understand just why,
You had to go away,
The end was sudden, the shock severe,
To part with one we loved so dear.

Life was sad for those of us,
Left here to weep and mourn,
It made us very lonely,
To know that you had gone.

It was best you did not suffer,
It was best you knew no pain,
Now you are in that happy land,
Where pain never comes again.

God is good, He gives us strength,
To bear our heavy cross,
He is the only one who knows
How bitter is our loss.
—Sadly missed by mother,
father and brothers.

IN MEMORY:

In loving memory of my dear mother, Mrs. Edna W. Baldwin, who departed this life 22 years ago, February 2, 1933.

Little I knew when dawn that morn,
The sorrow that day would bring.
The end was sudden, the shock severe,
To part with one I loved so dear.

God gave me strength to bear it,
And courage to fight the blow;
But what it meant to lose her,
No one will ever know.
—Sadly missed by: Daughter.

Farmville PCA Gives Dividend

Farmville Production Credit Association stockholders will receive a 4 per cent dividend on stock outstanding on December 31, 1954, Secretary - Treasurer Joseph E. Glenn announced today.

Mr. Glenn said the dividend will be paid during PCA's annual meeting in March.

The announcement of the stock dividend is the first ever paid by the Association. It marks the second highlight in the progress for the organization. Last year PCA celebrated completed member ownership and retirement of all government capital.

Mr. Glenn said today the decision to declare the Joint annual meeting of the PCA and NFLA from January to March is due to adverse weather conditions existing in the month.

The innovation this year will be the holding of two meetings, one on Saturday, March 19th, at Lynchburg or Rustburg for members in that section, and the second on the following Saturday, March 26th, at Farmville for members in that area.

Mr. Glenn said members may make their own decision which session to attend. The agenda and leaders will be the same at both.

REASON FOR CHANGE OF TROUT SEASON OPENING TO MAY 2

The Commission of Game and Inland Fisheries has received a number of letters and two petitions from interested people who request the Commission to change the opening date for the trout season to Sunday May 1 or to Saturday, April 30.

Executive Director I. T. Quinn explains that it was decided to open the season on Monday, May 2, because May 1 falls on a Sunday and a number of counties prohibit Sunday fishing. The proposal to open the season at 12 noon on May 2 was received by the Commission and advertised as provided by law in the press covering the entire trout stream area. No objection having been made from any source at that time, the Commission adopted the regulation establishing the opening of the trout season from 12 o'clock noon on Monday, May 2, 1955.

Since the Commission considers changes in fishing regulations only at its October meeting each year, and no consideration can be given to changes in any fishing regulations at its meeting on March 11, 1955, which will be concerned with proposed changes in the hunting laws.
